## **Independent Auditor's Report**

Board of Directors  
Russian River County Sanitation District

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of the Russian River County Sanitation District (the District), a component unit of the County of Sonoma, California, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the District as of June 30, 2024, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Independent Auditor's Report** (continued)

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Independent Auditor's Report (continued)**

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise District's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the related notes to the schedule of expenditures of federal awards are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and the related notes is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## **Management's Discussion and Analysis**

**Russian River County Sanitation District  
Management's Discussion and Analysis (Unaudited)  
For the Fiscal Year Ended June 30, 2024**

As management of the Russian River County Sanitation District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with the District's financial statements and the accompanying notes to the basic financial statements.

**Reporting Entity**

The District is managed by the Sonoma County Water Agency (Sonoma Water) which provides administration, engineering, operational and maintenance services. The District is governed by a Board of Directors (the Board) which is the County of Sonoma (the County) Board of Supervisors. The District is considered an integral part of the County's reporting entity, resulting in the District's financial statements being included in the County's Annual Comprehensive Financial Report.

Please refer to the definition of the reporting entity within the notes to the basic financial statements for additional detail.

**Financial Highlights**

*Net Position*

The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$30,444,551 (*net position*). Of this amount, \$9,419,619 (*unrestricted net position*) may be used to meet the District's ongoing obligations to citizens and creditors.

*Revenues*

The District recognized total revenues and capital contributions of \$10,105,118 during the fiscal year ended June 30, 2024. Of this amount, \$6,700,226 consists of operating revenues including flat charges and charges for services, and \$1,501,366 represents nonoperating revenues consisting of \$1,279,345 in intergovernmental revenue and \$222,021 in investment earnings. Capital contributions totaling \$1,903,526 consisted of \$1,891,588 in capital replacement grants from other governments and \$11,938 in connection fees.

*Expenses*

The District incurred expenses totaling \$8,101,104 during the fiscal year ended June 30, 2024. Of this amount \$8,067,949 represents operating expenses related to the collection, treatment, disposal, and reclamation of effluent, as well as administrative and general expenses. Nonoperating expenses consisted of \$33,155 of interest expense related to the District's long-term debt.

*Change in Net Position*

The District recorded an operating loss of \$1,367,723 for the fiscal year ended June 30, 2024, while recognizing an overall increase in net position of \$2,004,014.

**Russian River County Sanitation District  
Management's Discussion and Analysis (Unaudited)  
For the Fiscal Year Ended June 30, 2024**

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the District's financial statements. The District's financial statements are comprised of three components: (1) management's discussion and analysis, (2) financial statements, and (3) the notes to the basic financial statements.

*Management's Discussion and Analysis*

This section is intended to provide a narrative overview that users need to interpret the financial statements. Management's discussion and analysis also provides analysis of key data presented in the financial statements.

*Financial Statements*

The District is engaged only in business-type activities. The District accounts for its financial activity utilizing fund accounting, specifically enterprise fund accounting, to ensure and demonstrate compliance with finance-related legal requirements. An enterprise fund is a proprietary fund type used to report activities for which a fee is charged to external customers for goods or services provided. The focus of an enterprise fund is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flow. The financial statements presented are the *statement of net position; the statement of revenues, expenses and changes in net position; and the statement of cash flows*.

*Notes to the Basic Financial Statements*

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

**Financial Analysis**

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets exceeded liabilities by \$30,444,551 at the close of the most recent fiscal year compared to net position of \$28,440,537 as of June 30, 2023. The District recorded an operating loss of \$1,367,723 for the fiscal year ended June 30, 2024. This loss was offset by capital contributions of \$1,903,526.

The largest portion of the District's net position (67.8% as of June 30, 2024 compared to 70.4% for June 30, 2023) reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

**Russian River County Sanitation District  
Management's Discussion and Analysis (Unaudited)  
For the Fiscal Year Ended June 30, 2024**

**Financial Analysis (continued)**

A portion of the District's net position, \$393,656 (1.3% as of June 30, 2024), represents resources that are subject to external restrictions on how they may be used. The balance of unrestricted net position of \$9,419,619 as of June 30, 2024, may be used to meet the District's ongoing obligations to citizens and creditors. As of June 30, 2024, the District reports positive balances in all categories of net position.

*Condensed Statements of Net Position*

<b>Total expenses</b>	6,906,519	8,101,104	17.3%
Income before contributions	4,789,651	100,488	-97.9%
Capital contributions:			
Federal and State grants	1,600,914	1,891,588	18.2%
Connection fees	8,351	11,938	43.0%
Increase in net position	6,398,916	2,004,014	-68.7%
<b>Net position, beginning of year</b>	22,041,621	28,440,537	29.0%
<b>Net position, end of year</b>	\$ 28,440,537	\$ 30,444,551	7.0%

The District's net position increased by \$2,004,014 during the fiscal year ended June 30, 2024, compared to an increase of \$6,398,916 during the fiscal year ended June 30, 2023. The primary reasons for the decrease in net position year-over-year were a decrease in intergovernmental revenue and an increase in services and supplies expense.

**Russian River County Sanitation District  
Management’s Discussion and Analysis (Unaudited)  
For the Fiscal Year Ended June 30, 2024**

**Financial Analysis (continued)**

*Expenses and Revenues*

*Revenues by Source*

Total revenues, including capital contributions, of the District for the fiscal year ended June 30, 2024, totaled \$10,105,118, representing a decrease of \$3,200,317 from the preceding fiscal year revenues of \$13,305,435. The rate-based operating charges, representing 66.3% of the District’s total revenue, increased by \$544,934. Investment earnings increased from the preceding year by \$107,737. Intergovernmental revenue for the fiscal year ended June 30, 2024, totaled \$1,279,345, representing a decrease of \$4,147,249 from the preceding fiscal year. Capital contributions totaled \$1,903,526, which increased from previous fiscal year’s total of \$1,609,265. The primary reason for the increase in capital contributions was an increase of \$1,869,542 in Federal contributions for the headworks, lift stations and force main replacements project, which was offset by a decrease in State contributions of \$1,578,868 for the emergency force main project.

**Russian River County Sanitation District  
Management’s Discussion and Analysis (Unaudited)  
For the Fiscal Year Ended June 30, 2024**

**Financial Analysis (continued)**

*Revenues by Source (continued)*

Capital contributions and intergovernmental revenue make up 31.5% of the District’s revenue, which consists of connection fees of \$11,938, Federal and State contributions of \$1,891,588 and intergovernmental revenue of \$1,279,345. The combined effect overall was a decrease in revenues, including capital contributions, of 24.1% for the fiscal year ended June 30, 2024.

*Expenses by Function*

Total expenses for the District increased \$1,194,585 to \$8,101,104 for the fiscal year ended June 30, 2024. Services and supplies, which reflect costs associated with the collection, treatment, and disposal of effluent increased by \$1,225,029 (23.5%) to \$6,446,858. This was due primarily to increases in operations and maintenance costs including pavement preservation project costs, increase in operations labor, and increases in costs related to the West County Wastewater Management and Regional Solutions Feasibility study. Interest expenses decreased by \$8,247, due to lower principal debt balances as compared to the prior year. The overall effect was an increase in expenses of 17.3%.

Services and supplies represented 79.6% of the District’s expenses. Annual depreciation expense on capital assets of \$1,574,097 represented 19.4% of the District’s total expenses. Other expenses consisting of interest expense and fiscal agent fees and legal services, represented 1.0% of the District’s total expenses.

**Capital Asset and Debt Administration**

*Capital Assets*

The District’s investment in capital assets net of accumulated depreciation and amortization as of June 30, 2024, amounts to \$21,835,853. In addition to reporting the District’s investment in capital assets including land, infrastructure, machinery and equipment, and construction in progress, the District reports its investment in intangible assets as required by Governmental Accounting Standards Board Statement No. 51 – *Accounting and Financial Reporting for Intangible Assets*. Intangible assets for the District consist of permanent easements and a collection system master plan model.

**Russian River County Sanitation District  
Management's Discussion and Analysis (Unaudited)  
For the Fiscal Year Ended June 30, 2024**

**Capital Asset and Debt Administration (continued)**

*District's Capital Assets*

	<b>June 30, 2023</b>	<b>June 30, 2024</b>	<b>Percentage Change</b>
Infrastructure	\$ 57,472,762	\$ 57,472,762	0.0%
Construction in progress	1,606,690	3,248,379	102.2%
Machinery and equipment	331,377	331,377	0.0%
Land	223,833	223,833	0.0%
Intangible assets	92,837	101,431	9.3%
Accumulated depreciation and amortization	(37,967,832)	(39,541,929)	4.1%
<b>Total</b>	<b>\$ 21,759,667</b>	<b>\$ 21,835,853</b>	<b>0.4%</b>

The increase in construction in progress during the fiscal year ended June 30, 2024, was mainly due to an increase in costs for the headworks, lift stations and force main replacements project. Additional information on the District's capital assets can be found in the notes to the basic financial statements.

*Long-Term Obligations*

At June 30, 2024, the District had a total of \$1,124,113 in advances from other governments, related to advances from the State Water Resources Control Board.

The District's total debt decreased by \$330,710 (22.7%) during the fiscal year ended June 30, 2024. This was due to regular annual principal payments to the State Water Resources Control Board.

Additional information on the District's current and long-term obligations can be found in the notes to the basic financial statements.

**Economic Factors and Next Year's Budget and Rates**

Budgeted gross expenses, including capital projects expenditures, for the District for fiscal year ending June 30, 2025, have decreased by \$7,507,810 (44.1%) for a total of \$9,526,793. The largest variances in year over year budget are decreases in capital spending related to various capital projects and decreases in budgeted transfers from the operations fund to the construction fund.

**Russian River County Sanitation District  
Management's Discussion and Analysis (Unaudited)  
For the Fiscal Year Ended June 30, 2024**

**Economic Factors and Next Year's Budget and Rates (continued)**

Following is a comparison of the final budget for the fiscal year ended June 30, 2024, and the proposed budgeted expenses for the District for the fiscal year ending June 30, 2025.

	<b>Fiscal Year Ended June 30, 2024</b>	<b>Fiscal Year Ending June 30, 2025</b>	<b>Increase / (Decrease)</b>	<b>Percentage Change</b>
Operations	\$ 11,399,194	\$ 8,907,893	\$ (2,491,301)	-21.9%
Construction	5,635,409	618,900	(5,016,509)	-89.0%
<b>Total</b>	<b>\$ 17,034,603</b>	<b>\$ 9,526,793</b>	<b>\$ (7,507,810)</b>	<b>-44.1%</b>

Budgeted expenses for fiscal year ended June 30, 2024, differ in several instances from the budgeted expenses presented in the management's discussion and analysis for the period ended June 30, 2023. These variances are due to Board approved budgetary adjustments made subsequent to the publication of the audited basic financial statements for the fiscal year ended June 30, 2023.

The District's sewer service fees were increased for the 2024/25 budget year due to a board approved increase in rates of 8.8%.

The following table shows the sanitation service rates and equivalent single-family dwellings for the District:

	<b>Fiscal Year Ended June 30, 2024</b>	<b>Fiscal Year Ending June 30, 2025</b>	<b>Percentage Change</b>
Rate per Equivalent Single-Family Dwelling	\$ 2,104	\$ 2,290	8.8%
Number of Equivalent Single-Family Dwellings	3,210	3,212	0.1%

**Request for Additional Information**

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Sonoma County Auditor-Controller Treasurer Tax Collector's Office, ATTN: Client Accounting, 585 Fiscal Drive, Room 100, Santa Rosa, CA 95403.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note A. Summary of Significant Accounting Policies**

The Russian River County Sanitation District (the District) conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. A summary of significant accounting policies is included below:

*Defining the Financial Reporting Entity*

The District is managed by Sonoma County Water Agency (Sonoma Water), which provides engineering, administration, operational, and maintenance services. The District is a distinct legal entity from Sonoma Water and was formed by action of the County of Sonoma (the County) Board of Supervisors. The District is responsible for maintaining and operating the local sanitation collection systems, pump stations, and treatment plants in the Russian River area of Sonoma County.

*Component Unit Reporting*

The District is governed by a Board of Directors (the Board) which is the County Board of supervisors. The exercise of this oversight responsibility causes the District to be an integral part of the County's reporting entity. Therefore, the District's financial statements are also included in the County's Annual Comprehensive Financial Report as a discretely presented component unit.

*Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The District uses a proprietary (enterprise) fund to account for its activities. An enterprise fund may be used to report any activity for which a fee is charged to external users for goods or services. Enterprise funds are required for any activity whose principal external revenue sources meet any of the following criteria: (1) issued debt is backed solely by fees and charges, (2) the cost of providing services for any activity (including capital costs such as depreciation or debt service) must be legally recovered through fees or charges, or (3) if the government's policy is to establish activity fees or charges designed to recover the cost of providing services.

The District's financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. All assets and liabilities associated with the operation of the District are included on the statement of net position. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note A. Summary of Significant Accounting Policies (continued)**

*Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)*

Proprietary funds distinguish operating from nonoperating revenues and expenses. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District are flat charges and charges for services. Operating expenses for the District include expenses relating to the collection, treatment, disposal, and reclamation of effluent as well as administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

*Cash and Investments*

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, "Accounting and Financial Reporting for Certain Investments and External Investment Pools" and GASB Statement No. 72, "Fair Value Measurement and Application", investments are stated at fair value in the statement of net position and the corresponding changes in the fair value of investments are recognized in the year in which the change occurred. The District follows the practice of pooling cash and investments of all funds with the Sonoma County Treasurer (the Treasurer) except for certain restricted funds held by outside custodians, funds held by a trustee or funds in dedicated investments for the benefit of an individual pool participant. The fair value of investments is determined annually. Interest earned on pooled investments is allocated quarterly to the appropriate funds based on their respective average daily balance for that quarter in the County Treasury Investment Pool (the Treasury Pool).

For purposes of the statement of cash flows, the District considers all pooled cash and investments as cash and cash equivalents because the Treasury Pool is used as a demand deposit account. Restricted cash and investments with a maturity of three months or less when purchased are also treated as cash and cash equivalents.

*Accounts Receivable*

Accounts receivable consists of uncollected fees for sanitation services and flat charges at the end of the year. Flat charges are established annually by the Board of Supervisors and billed through the County's property tax system. Management has not recorded an allowance for uncollectible receivables as it deems all receivables as fully collectable. However some receivables have been classified as noncurrent as they are not considered collectable in the subsequent period.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note A. Summary of Significant Accounting Policies (continued)**

*Restricted Assets*

Restricted assets represent cash and investments maintained in accordance with state loan agreements.

*Capital Assets*

Capital assets include land, land improvements, buildings and improvements, machinery and equipment, infrastructure, construction in progress and intangible assets. Assets that are purchased or constructed are reported at historical cost or at estimated historical cost if actual historical cost is not available. Capital projects spanning multiple years are recorded as construction in progress. Donated capital assets are valued at their estimated fair value on the date of donation.

Maintenance and repair costs are charged to operations when incurred. Improvements to existing assets that significantly increase performance, change capacities or extend useful lives are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Intangible assets are stated at cost or estimated historical cost (except for intangible right-to-use lease assets). Intangible right-to-use lease assets are initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the right-to-use lease asset is amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset. Intangible assets for the District consist of permanent easements and a model and master plan for the collection systems. Permanent easements, including dedicated easements, are stated at cost, estimated historical cost, or fair value and are not amortized.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note A. Summary of Significant Accounting Policies (continued)**

*Capital Assets (continued)*

The capitalization thresholds and estimated useful lives for capital assets are as follows:

	Capitalization Threshold	Estimated Useful Life
Land	\$ -	N/A
Land improvements	100,000	15 to 50 years
Buildings and improvements:		
Buildings	100,000	50 years
Building improvements	100,000	15 to 20 years
Machinery and equipment	5,000	5 to 20 years
Infrastructure	100,000	25 to 75 years
Intangible assets:		
Computer software	100,000	3 to 10 years
Temporary easements	-	Life of easement
Permanent easements	-	N/A
Right-to-use leases	100,000	Shorter of the lease term or the useful life of the underlying asset
Right-to-use software assets (SBITAs)	100,000	Shorter of the subscription term or the useful life of the underlying IT assets
Construction in progress	Projects expected to exceed the capitalization threshold for the applicable asset class	N/A

*Net Position*

Net position represents the difference between (a) assets and deferred outflows of resources, and (b) liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use, either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulation of other governments.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note A. Summary of Significant Accounting Policies (continued)**

*Property Tax Revenue*

Property taxes, including tax rates, are regulated by the State and are administered locally by the County. The County is responsible for assessing, collecting and distributing property taxes in accordance with state law. The County is responsible for the allocation of property taxes to the District.

The County has adopted the Alternative Method of Property Tax Allocation known as the Teeter Plan. The State Revenue and Taxation Code allows counties to distribute secured real property and supplemental property taxes on an accrual basis resulting in full payment to the District each fiscal year. Any subsequent delinquent payments and related penalties and interest will revert to the County.

Property taxes are recognized as revenue in the year they are levied. Liens on real property are established January 1<sup>st</sup> for the ensuing fiscal year. The property tax is levied as of July 1<sup>st</sup> on all taxable property located in the County. Secured property taxes are due in two equal installments on November 1<sup>st</sup> and February 1<sup>st</sup> and are delinquent after December 10<sup>th</sup> and April 10<sup>th</sup>, respectively. Additionally, supplemental property taxes are levied on a pro rata basis when changes in assessed valuation occur due to sales transactions or the completion of construction. Property tax collection and valuation information is disclosed in the County's Annual Comprehensive Financial Report.

*Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Note B. Cash and Investments**

*Investment Guidelines*

The District follows the practice of pooling cash and investments with the Treasurer except for funds required to be held by outside fiscal agents or trustees under the provisions of bond indentures. The Investment Oversight Committee has regulatory oversight for all funds deposited into the Treasury Pool.

The District's pooled cash and investments are invested pursuant to investment policy guidelines established by the Treasurer and approved by the Board. The objectives of the policy are, in order of priority: safety of capital, liquidity and maximum rate of return. The policy addresses the soundness of financial institutions in which the Treasurer will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note B. Cash and Investments (continued)**

*Investment Guidelines (continued)*

Permitted investments include the following:

- U.S. Treasury and Federal Agency securities
- Bonds and Notes issued by local agencies
- Registered State warrants and municipal notes and bonds
- Negotiable certificates of deposit
- Bankers' acceptances
- Commercial paper
- Medium-term corporate notes
- Local Agency Investment Fund (State Pool) deposits
- Repurchase agreements
- Reverse repurchase agreements
- Securities lending agreements
- Mutual funds and money market mutual funds
- Collateralized mortgage obligations
- Collateral time deposits
- Joint power agreements
- Investment Trust of California (CalTRUST)
- Obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation or Inter-American Development Bank

A copy of the County investment policy is available upon request from the Treasurer at 585 Fiscal Drive, Room 100, Santa Rosa, California 95403.

As of June 30, 2024, the fair value of the District's cash and investments was \$9,778,319 which includes an unrealized loss fair value adjustment of \$129,113. Funds are held in the Treasury Pool managed by the Treasurer, which is not rated by credit rating agencies, and had a weighted average maturity of 664 days. The credit rating and other information regarding specific investments maintained in the Treasury Pool as of June 30, 2024, are disclosed in the County's Annual Comprehensive Financial Report.

*Interest Rate Risk*

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive the fair value is to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments, and by timing cash flows from maturities so that a portion of the portfolio is maturing, or coming close to maturity, evenly over time, as necessary, to provide the cash flow and liquidity needed for operations.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note B. Cash and Investments (continued)**

*Custodial Credit Risk*

Custodial credit risk for investments is the risk that, in the event of the failure of the counter party to a transaction, a government will not be able to recover the value of its investment or collateral securities that is in the possession of another party. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as the Treasury Pool).

*Credit Risk*

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. Credit risk is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Treasury Pool does not have a credit rating. The District follows the County's policy to purchase investments with the minimum ratings required by the California Government Code.

*Fair Value Measurements*

The District categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District has a recurring fair value measurement for its investment in the Treasury Pool which is valued using significant other observable inputs (Level 2).

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note C. Capital Assets**

Capital asset activity for the fiscal year ended June 30, 2024 was as follows:

	July 1, 2023	Increases	Decreases	Transfers & Reclassification	June 30, 2024
Capital assets, not being depreciated:					
Construction in progress	\$ 1,606,690	\$ 1,650,283	\$ -	\$ (8,594)	\$ 3,248,379
Land	223,833	-	-	-	223,833
Intangibles	17,400	-	-	8,594	25,994
<b>Total capital assets, not being depreciated</b>	<b>1,847,923</b>	<b>1,650,283</b>	<b>-</b>	<b>-</b>	<b>3,498,206</b>
Capital assets, being depreciated/amortized:					
Infrastructure	57,472,762	-	-	-	57,472,762
Machinery and equipment	331,377	-	-	-	331,377
Intangibles	75,437	-	-	-	75,437
<b>Total capital assets being depreciated/amortized</b>	<b>57,879,576</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>57,879,576</b>
Less accumulated depreciation/amortization for:					
Infrastructure	(37,798,998)	(1,549,239)	-	-	(39,348,237)
Machinery and equipment	(111,028)	(17,302)	-	-	(128,330)
Intangibles	(57,806)	(7,556)	-	-	(65,362)
<b>Total accumulated depreciation/amortization</b>	<b>(37,967,832)</b>	<b>(1,574,097)</b>	<b>-</b>	<b>-</b>	<b>(39,541,929)</b>
<b>Total capital assets, being depreciated, net</b>	<b>19,911,744</b>	<b>(1,574,097)</b>	<b>-</b>	<b>-</b>	<b>18,337,647</b>
<b>Total capital assets, net</b>	<b>\$ 21,759,667</b>	<b>\$ 76,186</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 21,835,853</b>

Depreciation and amortization expense amounted to \$1,574,097 for the fiscal year ended June 30, 2024.

**Note D. Advances from Other Governments**

During the fiscal year ended June 30, 2005, the District received a loan of \$3,352,796, as a direct borrowing from the State Water Resources Control Board to aid in funding the Third Unit Processes project. The District received an additional \$448,173 during the fiscal year ended June 30, 2007. As of June 30, 2024, the outstanding balance on the loan is \$238,004. The loan is a State Revolving Loan with principal and interest payments of \$243,954, payable annually in November. The term is 20 years at an annual interest rate of 2.5% with the last payment scheduled for November 2024.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note D. Advances from Other Governments (continued)**

The loan for the Third Unit Processes project has a provision that a penalty in the amount of 0.1% of the amount due will be due for each day of nonpayment following a 10-day grace period. The loan also contains a provision that if the District discontinues use, leases, or disposes of any significant part of the project before the end of its useful life, then the District may be required to repay all or a portion of the remaining funds covered by the loan agreement together with accrued interest.

Annual debt service requirements to maturity for this loan are as follows:

Fiscal Year Ending	Principal	Interest	Total
June 30,			
2025	\$ 238,004	\$ 5,950	\$ 243,954
<b>Total</b>	<b>\$ 238,004</b>	<b>\$ 5,950</b>	<b>\$ 243,954</b>

During fiscal year ended June 30, 2014, the District received a loan of \$3,884,450, as a direct borrowing from the State Water Resources Control Board to aid in funding the Disinfection Upgrade Project. In August 2014, the State Water Resources Control Board forgave \$1,942,225 of the principal contingent on the District's performance under the financing agreement. As of June 30, 2024, the outstanding balance on the loan is \$886,109. The loan is a State Revolving Loan with payments of principal and interest of \$124,111, payable annually in April. The term is 20 years at an annual interest rate of 2.6% with the last payment scheduled for April 2032.

The loan for the Disinfection Upgrade Project has a provision that if the District fails to satisfy the terms of the agreement, no principal will be forgiven and the original loan principal will be due and payable immediately at the highest legal rate of interest. The loan also contains a provision that in the event of default, a penalty in the amount of costs incurred to the State Water Board will be due for each day of nonpayment following a 10-day grace period. Costs may include lost interest earnings, staff time, bond debt service default penalties, and other costs incurred. The loan also contains a provision that if the District discontinues use, leases, or disposes of any significant part of the project before the end of its useful life, then the District may be required to repay all or a portion of the remaining funds covered by the loan agreement together with accrued interest.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note D. Advances from Other Governments (continued)**

Annual debt service requirements to maturity for this loan are as follows:

June 30,	Principal	Interest	Total
2025	\$ 101,072	\$ 23,039	\$ 124,111
2026	103,700	20,411	124,111
2027	106,396	17,715	124,111
2028	109,162	14,949	124,111
2029	112,001	12,110	124,111
2030-2032	353,778	30,664	372,332
<b>Total</b>	<b>\$ 886,109</b>	<b>\$ 106,778</b>	<b>\$ 992,887</b>

*Changes in Advances from Other Governments*

Advances from other governments activity for the year ended June 30, 2024 is as follows:

	June 30, 2023	Additions	Retirements	June 30, 2024	Due Within One Year
Advances from other					
governments - direct borrowings	\$ 1,454,823	\$ -	\$ (330,710)	\$ 1,124,113	\$ 339,076

**Note E. Related Party Transactions**

The District is a special district under the Board of Supervisors, and as such, has the same board members as the County. Both the District and Sonoma Water are component units of the County, and therefore, are considered related parties.

The District is managed by Sonoma Water, which provides administration, engineering, operational, and maintenance services. The District does not incur any payroll expenses. Sonoma Water charges the District for services based on direct labor plus overhead for Sonoma Water labor applied to District activities. The overhead rate is reviewed periodically by management to determine its effectiveness. During the fiscal year ended June 30, 2024, the District paid \$4,371,270 to Sonoma Water for operational services and \$640,277 for acquisition and construction of capital assets.

During the fiscal year ended June 30, 2024, the District received funding from Sonoma Water to allow the District to meet its operating expense obligations. The total funding received by the District amounted to \$1,100,000 for the fiscal year ended June 30, 2024.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note F. Commitments and Contingencies**

*Construction*

The District has active construction projects as of June 30, 2024. The projects include expansion and/or improvements of several wastewater treatment facilities. The June 30, 2024, construction in progress balance of \$3,248,379 represents the District's internal costs and amount paid to outside contractors.

*Commitments*

Future contractual commitments related to District operations and capital expansion were \$1,463,405 and \$1,098,870, respectively, as of June 30, 2024.

*Pending Litigation, Claims, and Assessments*

On June 15, 2021, the North Coast Regional Water Quality Control Board invited the District and Sonoma Water to participate in settlement negotiations concerning storm sewer overflows that occurred from the District sewer system during the flooding disasters on the Russian River in both 2017 and 2019. The District reached a settlement that was by the Executive Officer and executed on or around September 28, 2023. Under the settlement the parties stipulate to fines for the 2019 floods, and the 2017 floods will not be prosecuted. The District and Sonoma Water are jointly responsible for these fines. \$886,545 of the fines will be suspended and satisfied once the District and Sonoma Water complete a West County Water Quality and Recycled Water Supply Feasibility Project (the Project). The Project is expected to be completed in 2026. \$147,001 of the fine will be payable to the State 30 days following the Executive Officer's execution of the settlement.

*Other Regulatory Matters*

The District is subject to Section VII of the Endangered Species Act (the Act). Section VII requires that all affected agencies, including the District, consult with fish and wildlife officials before performing any work which might disrupt or harm any endangered or threatened species or their habitat. This Act increases the possibility of litigation from various environmental groups and individuals. The District is also subject to Section X of the Act which deals with habitat conservation planning.

**Russian River County Sanitation District  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2024**

**Note G. Risk Management**

The District is exposed to various risks of loss related torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is covered by the County's self-insurance program, which is accounted for in the County's Risk Management Internal Service Fund. The District is covered under this program for general liability, auto liability, public employees' performance/dishonesty and property insurance.

The County maintains a self-insured retention of \$1,000,000 per occurrence for general and automobile liability. Excess liability coverage is maintained through participation in the Public Risk Innovation, Solutions, and Management (PRISM) risk sharing pool. Limits of this coverage are \$35,000,000.

The County maintains "All Risk" property insurance including flood and earthquake through participation in the PRISM Property Insurance Program with the following limits and deductibles: \$600,000,000 limit (shared) per occurrence and \$50,000 deductible for "All Risk", and \$225,000,000 limit (shared) per occurrence and \$100,000 deductible for flood (limits vary depending on flood zones).

The County of Sonoma is permissibly self-insured for workers' compensation for its employees and volunteers in the amount of \$300,000 per occurrence. Excess workers' compensation coverage in excess of \$300,000 with statutory limits is obtained through participation in the PRISM Excess Workers' Compensation Program.

The District pays an annual premium to the County for this insurance coverage. Settled claims have not exceeded this coverage for any of the past three fiscal years.

**Note H. Future Governmental Accounting Standards**

GASB has released the following standards which will be implemented in future financial statements:

*GASB Statement No. 102 - Certain Risk Disclosures*

The requirements of this Statement are effective for the fiscal year ending June 30, 2025. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

*GASB Statement No. 103 - Financial Reporting Model Improvements*

The requirements of this Statement are effective for the fiscal year ending June 30, 2026. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues.

The impact on the basic financial statements of the District of these pronouncements which have not yet been adopted is unknown at this time.

Russian River County Sanitation District

See accompanying Notes to Schedule of Expenditures of Federal Awards

**Note A. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of the Russian River County Sanitation District (the District) under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

**Note B. Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**Note C. Indirect Cost Rate**

The District has elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit  
of Financial Statements Performed in Accordance with  
*Government Auditing Standards***

**Independent Auditor's Report**

Board of Directors  
Russian River County Sanitation District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Russian River County Sanitation District (the District), a component unit of the County of Sonoma, California which comprise the statement of net position as of June 30, 2024, the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the notes to the basic financial statements, and have issued our report thereon dated September 30, 2024.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit  
of Financial Statements Performed in Accordance with  
*Government Auditing Standards*** (continued)

**Independent Auditor's Report** (continued)

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance For Each Major Federal Program and  
Report on Internal Control Over Compliance  
Required by the Uniform Guidance**

**Independent Auditor's Report**

Board of Directors  
Russian River County Sanitation District

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Russian River County Sanitation District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Russian River County Sanitation District's major federal programs for the year ended June 30, 2024. The Russian River County Sanitation District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Russian River County Sanitation District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further describe in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Russian River County Sanitation District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Russian River County Sanitation District's compliance with the compliance requirements referred to above.

**Report on Compliance For Each Major Federal Program and  
Report on Internal Control Over Compliance  
Required by the Uniform Guidance (continued)**

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Russian River County Sanitation District's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Russian River County Sanitation District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Russian River County Sanitation District's compliance with those requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgement and maintain professional skepticism throughout the audit,
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Russian River County Sanitation District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain and understanding of Russian River County Sanitation District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Russian River County Sanitation District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weakness in internal control over compliance that we identified during the audit.

**Report on Compliance For Each Major Federal Program and  
Report on Internal Control Over Compliance  
Required by the Uniform Guidance (continued)**

**Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
